

Special scrubber

Scrubber made in SUS

I was equivalent to high temperature effluent gas by making materials made in SUS.

Prevention of explosion type scrubber

It is the type that you can use in the Prevention of explosion type areas

Shine

Please experience a / idea power to shine, technology, flexibility once.

To a setting place and a demand and the needs of the visitor including the convenience, I cope.

Scrubber with the spare pump

When a circulation pump has broken down, it is the business that can move immediately, the reliable design type attached to the spare pump

Maintenance serious consideration model scrubber

Maintenance serious consideration model scrubber I improved maintenance characteristics such as the mine dust by making a filler filter type.

Model scrubber mounted with a spare tank

I can perform the cleaning in the tank without stopping the working of the scrubber by adding a tank
